Los Angeles World Airports

Noise Alert

Issue Date: 8/10/2017

LOS ANGELES INTERNATIONAL AIRPORT (LAX)
TEMPORARY SOUTH COMPLEX INBOARD RUNWAY 25R/7L CLOSURE
August 14 - 21, 2017

LAX will temporarily close the south inboard runway (25R/7L) for 5 hours each night (1 AM – 6 AM) from Monday, August 14 through Friday, August 18, and for 54 hours starting Saturday, August 19 at 1 AM through Monday, August 21 at 7 AM. This closure is required to finish the Runway Safety Area (RSA) construction. Thereafter, the RSA construction will be complete and the runway will be available in full-length configuration.

Persons living near LAX may notice a change in aircraft flight activity and noise during the closure of the south inboard runway as more aircraft are expected to use the south outboard runway (25L/7R) for both departure and arrival operations. In addition, some operations are expected to shift from the south to north runway complex.

LAX will continue to conduct Over-Ocean Operations between 12 AM and 6:30 AM during the closure, as weather and operational conditions permit.

Thank you for your understanding and patience.
